

VIG Committee Report

CHIEF GEOPHYSICISTS FORUM
2016.MARCH.17
JOHN L.J.DUHAULT
CHAIRMAN

CSEG

Canadian Society of
Exploration Geophysicists

Outline

What is the VIG Committee?

VIG Vision

VIG Committee Members

VIG 2016 Planned Activities

SPE Breakfast Series VIG Presentations

VIG Takeaways

CSEG

Canadian Society of
Exploration Geophysicists

The VIIG Committee

- **Mandate: facilitate an improved use of geophysics for business purposes**
- **The goal is to help facilitate three improvements:**
 1. Improve the **understanding** of value oriented geophysics within the geophysical community.
 2. Improve the levels of value oriented geophysical methods **used** within industry.
 3. Improve the quality and quantity of **communication** between geophysicists and the other disciplines, particularly engineers, relative to how geophysics could add value with current industrial problems.

VIG Vision 2016

2016 Future Vision and Activities

- Improved curriculum, title and description for the VIG Doodletrain course for 2016.
- Interactive "Value" forum/workshops with CSEG Past Presidents
- Reach out to other professional societies to allow committee members to get the VIG Message out.
- Create informative webpage on CSEG website

VIG Committee Members 2016

John Duhault (Chairman , VIG Course)
Dave Gray (Secretary, Papers and Presentations)
Lee Hunt (VIG Course, Papers and Presentations)
Paul Hausmanis (Presentations, SPE Liaison,
Chairman in May 2016)
Mike Hall (Non-Seismic Methods, Member at Large)
Laurie Ross (2016 Symposium Chair)
Ken Gray (CSEG Exec representative)
Jessica Galbraith (VIG in Business, Member at Large)
Ruth Peach (VIG Web-page, Member at Large)
Matt Ng (Microseismic, Member at Large)
Patrick Tutty (Business Value, Member at Large)

VIG Activities 2016

- CSEG February 22 Technical Luncheon
 - Hunt's " Value thinking ..."
- Geo-Skills January 2016
 - Duhault's: " Is there Value in Geophysics..."
- MUG February 2016
 - Duhault`s: "Decision Analysis Approach ..."
- SPE Breakfast Series April 2016
 - Gray, Hunt and Duhault: three separate presentations
- CSEG Symposium May 2016
 - Hunt and Gray
- GIFT June 2106
 - Hausmanis
- Doodletrain November 2016
 - Duhault

SPE Technical Breakfast

Series: Geophysics

“ Take Your Engineer to Breakfast ”

April 14th, 2016

**Lee Hunt – “A Critical Point: Geophysics, Economics
and Resource Plays”**

April 21st, 2016

David Gray – “De-Mystifying Geophysics”

April 28th, 2016

**John Duhault – “Advanced Geophysics for Engineers
Using Case Histories”**

Location: Calgary Petroleum Club

Time: Breakfast Buffet 7:30-8:30

Lecture 8:00-10:00

CSEG Members will receive SPE rates!

Cost: \$45 SPE (CSEG) Members

\$55 Non-members \$15 Students

VIG Takeaways

The future of the geophysics profession is going to be up to people like you! So

Learn about how to illustrate the value of integrated geophysics in your presentations

Talk to your decision makers (VP Ex`s, President`s) about encouraging decision analysis approaches to showing the value in applying geophysics

Promote to the earthscience community the value of integrated geophysics “Take your geologist to lunch!”
