

Meritorious Service Award - The Meritorious Service Award is given to members of the CSEG who have made a prominent and/or lengthy contribution to the Society and/or the industry as a whole. Current practice is to make a maximum of two of these awards each year.

Meritorious Service Award

Kristy most recently served 6 years on the CSEG Foundation as Assistant and Director of Communications and contributed to growth and success of the Board over that length of time. During same time she also served as a Committee Liaison for the Travel Grants and Learning Subsidies Foundation program. She has also been on the organizing committee of the CSEG T-Wave Golf tournament, a popular and successful yearly golf tournament.

In addition, she has also served on the CSEG Recorder in varying capacities. She started out contributing articles to the Recorder and eventually moved up to more senior advisory roles as part of the organizing committee. Kristy has also been a member of Women in Seismic (WiSE) organizing committees, a very success event that has raised significant funds for Breast Cancer research over the years as well as funds for the CSEG Scholarship program. She has also volunteered her time with the CSEG Mentorship program as well as the Doodlespiel curling event held annually.

Kristy is an avid supporter of the CSEG by her actions and volunteer efforts. She has shown leadership in the geophysical community and is an enthusiastic role model to all volunteers. Her positive attitude and energy are infectious to the other volunteers that have served with her, including myself.

It is for these reasons that I whole-heartedly nominate Kristy for this award.

Kathleen Dorey

CSEG Past-President

Partner, Petrel Robertson
